ZY & COMPANY BULK TERMINAL (PVT) LIMITED

Strategic Location

ZY Terminal is located in the strategically important Oil Installation Area in Keamari, Karachi.

We can store Petroleum products e.g. PMG, Diesel, Condensate and Petroleum based Chemical products such as VAM, White Spirit, Chloroform, Rubber Solvent ,and Solvent Oil

Our Bulk storage capacity is currently around 20,000 M.T. We have ten fully operational storage tanks ranging from minimum 1,000 M. Tons to maximum 2,700 M. Tons. This diversified storage range complements clients having smaller parcels.

We are enhancing storage capacity of around 8,000 M. Tons. These projects have been Planed and development work is in progress

Wide-Ranging Line System

ZY Terminal can receive and deliver products through its own line of 8" and 18" which are connected to Keamari jetty to receive and deliver products from ocean liners at locations of OP I, II & DB.

To manage receipts and deliveries through bowzers Our own Gantry area is capable to cater six bowzers at a time.

Through our unique line systems internally we can offer dedicated delivery and receipts line up and pumps to each tank.

We can manage ITT,s (Inter tank transfers within terminal and Inter terminal transfers) from other terminals in Oil Installation Area Keamari.

International Measurement Standards

Through our transparent and latest Oil Measurement SOPs we offer our clients to witness there products dips daily in morning and evening .

Internal Floating Roofs are installed in our storage tanks just to minimize evaporation losses.

Daily dips record have been shared with all clients on daily basis.

Our goal is to satisfy Clients by protecting there interest.

Safety of our staff and the product stored is our prime concern.

We are following the latest ISO safety standards as guidelines.

Highly Professional Services

Our staff is well educated and trained to identify safety hazards and to handle emergencies.

We have our own fire & foam system installed and it is fully operational.

Safety meetings are held regularly.

We strictly follow all regulatory requirements.

We are member of TAP (Terminals Association of Pakistan)

Our current clientele includes: Hascol Petroleum, Gas and Oil Pakistan (GO), Fast Oil, Faiz Chemicals, Noor Petroleum to name a few.
